

Our Year 1 Curriculum - Autumn 2

<p>Lens</p> <p>Big Question</p> 	<p>Settlement</p> <p>What makes this a good location for a school?</p>
<p>Maths</p> 	<p>We will continue learning about addition and subtraction within 10, using practical equipment to explore number bonds and subtraction facts.</p> <p>We will also develop our understanding of numbers to 20 by counting forwards and backwards, finding one more and one less, comparing numbers, and reading and writing them in numerals and words.</p>
<p>English</p> 	<p>In English, children will explore the texts <i>Beegu</i> and <i>Lost and Found</i>. They will sequence the stories and build up to writing a simple retelling.</p> <p>They will practise orally rehearsing and writing sentences in the past and present tense, using colourful semantics to help structure their ideas clearly.</p>
<p>Geography</p> 	<p>In Geography, we will explore the big question: What makes this a good location for the school?</p> <p>Children will use aerial and satellite images to identify human and physical features. They will observe and compare features of the school grounds and surrounding area.</p> <p>Educational Visit: Local Walk</p>
<p>Science</p> 	<p>In Science, we will continue exploring seasonal changes from autumn into winter. Children will observe winter weather, changes in daylight and how plants and trees change during the season.</p> <p>We will also continue learning about everyday materials. Children will identify and describe different materials and explore their properties, including which materials float or sink and which are waterproof.</p>

<p>PSHE</p> 	<p>My healthy self: How can we look after our emotions? During these lessons, the children will learn how to recognise and name a wide range of emotions. They will also explore how to identify physical and facial clues that help us understand how we and others are feeling.</p> <p>British Value: Democracy</p>
<p>Religious Education</p> 	<p>In RE, our topic will be Origins. Children will explore the question “Where do we come from?” and learn what different religions and worldviews teach about how the universe began, the nature of existence and our place in the world.</p> <p>Educational Visit: Local Church</p>
<p>Music</p> 	<p>In Music, children will explore different sounds using classroom instruments, body percussion and their voices. They will learn how to play instruments correctly, copy simple rhythms and follow graphic scores.</p> <p>Children will also explore pitch through singing and musical games, and learn a range of songs in preparation for the Infant Music Festival.</p>
<p>Computing</p> 	<p>In Computing, children will learn how to log in and use a Chromebook safely and independently. They will practise using the keyboard, accessing Google Classroom and keeping their username and password private.</p> <p>Online Safety: Using the internet safely</p>
<p>PE</p>  <p><i>Physical Education</i></p>	<p>In PE, children will develop their yoga and mindfulness skills by learning and remembering poses, improving balance and flexibility, and creating simple yoga flows with a partner.</p> <p>They will also develop their ball skills, including dribbling, rolling, throwing, catching and tracking a moving ball with greater control and accuracy.</p>
<p>Design & Technology</p> 	<p>In Design and Technology, children will explore different types of houses and their features. They will design and build their own house, then evaluate how well it meets the given requirements.</p> <p>Please send in a shoe box for your child to use to make their house.</p>
